SECTION I

THE INTERNATIONAL COMMUNITY AND THE EUROPEAN UNION IN THE FACE OF CLIMATE CHANGE

CHAPTER I

Climate Change and Vulnerability

Maura Marchegiani

| | |
|---|----|
| 1. Introduction | 3 |
| 2. The Heterogeneity of the Notion of Climatic Vulnerability | 5 |
| 3. Identifying New Paradigms to Address the Phenomenon of Climate Change | 9 |
| 4. Ensuring the Effectiveness of International Law on Climate Change through Climate Litigation | 11 |
| 5. The Role of the Judge in Enhancing the Effectiveness of Climate Change Obligations | 15 |
| 6. Concluding Remarks | 20 |

CHAPTER II

The Climate Change Case Law of the European Court of Human Rights: Vulnerability and Victim Status*Cristiana Angelini*

| | | |
|------|--|----|
| 1. | Climate Change and Human Rights | 23 |
| 2. | Recent Developments in the ECtHR's Climate Case Law | 24 |
| 2.1. | The Decision in the <i>Câreme</i> Case | 27 |
| 2.2. | The Decision in the <i>Duarte</i> Case | 27 |
| 2.3. | The <i>KlimaSeniorinnen</i> Judgment | 28 |
| 3. | Extraterritorial Jurisdiction of the Respondent State: an "All-European" Issue | 29 |
| 3.1. | The Parties' Arguments on State Jurisdiction over the Applicants | 30 |
| 3.2. | The Court's Assessments of Jurisdiction | 31 |
| 3.3. | Critical Remarks | 33 |
| 4. | The Non-Recognition of Victim Status for Natural Persons in Recent Climate Cases | 35 |
| 4.1. | The Special Determination of the Status of "Climate Victim" in the <i>KlimaSeniorinnen</i> Judgment | 36 |
| 4.2. | Recognition of the Standing of Associations in the <i>KlimaSeniorinnen</i> Judgment | 39 |
| 4.3. | Considerations on the Court's Arguments on the Status of Victim and the Associations' Legal Standing | 41 |
| 5. | Final Remarks | 44 |

CHAPTER III

Climate Change-Related Migration Under the Lens of International Human Rights Law*Simone Vezzani*

| | | |
|----|---|----|
| 1. | Climate Change and Human Mobility | 47 |
| 2. | Terminological and Methodological Remarks | 49 |
| 3. | Limited Role of Refugee Law in the Context of Climate-Induced Migration | 51 |
| 4. | Non-Refoulement Obligations under International Human Rights Law: the <i>Teitiota</i> Case and Beyond | 53 |

| | <i>page</i> |
|--|-------------|
| 4.1. Violation of the Right to a Dignified Life as a Consequence of Climate Change | 56 |
| 4.2. Inhuman Treatments as a Consequence of Climate Change | 59 |
| 5. Reversing the “Strasbourg Reversal”? | 61 |
| 6. Forms of Protection Currently Afforded by Domestic Legislations: An Overview | 62 |
| 7. Forced Migrants and Climate “Non-Migrants”: Climate Justice Perspectives Beyond a Human Rights Approach | 65 |

CHAPTER IV

The Role of a Climate-Neutral and Sustainable Blue Economy in the Context of the Challenges of the European Green Deal

Maria Cristina Carta

| | |
|--|----|
| 1. The Blue Economy and the Green Deal of the EU as a Paradigm of a New “Circular” Model of Economic, Social and Environmental Development | 69 |
| 2. Genesis and Evolution of the Concept of Blue Economy in the Context of the Circular Economy: Environmental Protection as a Driver of Economic and Institutional Development | 73 |
| 3. The Inclusion of the “Blue Dimension” within the Green Deal | 75 |
| 4. The Blue Economy in the Context of the UN 2030 Agenda and the EU 2030 Biodiversity Strategies and Farm to Fork: The New Frontier of Algae | 79 |
| 5. The EU Action Plan to Protect and Restore Marine Ecosystems for Sustainable and Resilient Fisheries | 81 |
| 6. The Main Financial Instruments to Achieve the EU Blue Economy: EMFAF, BlueInvest and InvestEU Blue Economy | 83 |
| 7. Concluding Remarks: The Blue Economy as a Driver for the Green Transition | 85 |

CHAPTER V

The Copernicus Climate Data Store and the University of Perugia's Project on Climate Change*Paolina Bongioannini Cerlini and Miriam Saraceni*

| | | |
|------|---|-----|
| 1. | Introduction | 89 |
| 2. | The University of Perugia's Project | 91 |
| 2.1. | Goals of the Project | 93 |
| 3. | Methods: The EU's Earth Observation Program, Copernicus and Copernicus Climate Change Service (C3S) | 94 |
| 3.1. | ERA5 Climate Reanalysis and Global Data | 95 |
| 4. | Use of ERA5 and CDS Toolbox in the University of Perugia's Climate Project | 97 |
| 4.1. | Simulating and Tracking Medicanes with Copernicus Data | 100 |
| 4.2. | Ensemble Forecast Simulation | 100 |
| 5. | Conclusions | 102 |

SECTION II

MARINE SPACES AND ACTORS FACING CLIMATE CHANGE

CHAPTER VI

Considerations on the Impact of Climate Change on the European Union's Fisheries Activities in the Mediterranean Sea*Gabriela A. Oanta*

| | | |
|------|--|-----|
| 1. | Introduction | 107 |
| 2. | The European Union, Fisheries in the Mediterranean, and the Impact of Climate Change | 110 |
| 3. | The European Union's Collaboration with States and International Organisations Present in the Mediterranean to Tackle Climate Change | 116 |
| 3.1. | The European Union, the Mediterranean States, and the Impact of Climate Change | 117 |
| 3.2. | The European Union and the Joint FAO/ILO/IMO Programme to Combat Illegal, Unreported and Unregulated Fishing and Related Matters | 118 |

| | <i>page</i> |
|---|-------------|
| 3.3. The European Union and the Joint FAO/IMO Programme on Plastic Marine Litter from Ships | 119 |
| 4. Final Considerations | 122 |

CHAPTER VII

Flags of Convenience and Protection of the Marine Environment*José Manuel Sobrino-Heredia*

| | |
|--|-----|
| 1. Introduction | 123 |
| 2. Internationalization of Maritime Transport and Flags of Convenience | 125 |
| 2.1. The Rise of Flags of Convenience | 126 |
| 2.2. International Legislation that Encourages the Expansion of the Flags-of-Convenience Fleet | 128 |
| 3. The Footprint of Flag-of-Convenience Vessels on the Marine Environment | 131 |
| 3.1. The Exclusive Jurisdiction of the Flag State: A Weak Guarantee for the Protection of the Marine Environment | 132 |
| 3.2. Intervention by Third States to Strengthen the Protection of the Marine Environment | 135 |
| 4. Final Considerations | 137 |

CHAPTER VIII

The BBNJ Agreement: Global Governance of the Oceans in the Climate Change Scenario*Ana Victoria Villanueva*

| | |
|--|-----|
| 1. Introduction | 139 |
| 2. Climate Change and BBNJ | 140 |
| 3. Background of the BBNJ Agreement | 142 |
| 4. Scope and Relationship between the “BBNJ Agreement” and UNCLOS, Other Existing Legal Instruments and Frameworks and Relevant Global, Regional and Sectoral Bodies | 143 |
| 4.1. Relationship between the Agreement and Existing Agreements | 144 |
| 5. Common Heritage of Mankind (CHM) in Marine Areas beyond National Jurisdiction | 145 |
| 6. International Cooperation | 146 |

| | <i>page</i> |
|---|-------------|
| 7. Marine Genetics Resources, Including the Fair and Equitable Sharing of the Benefits | 146 |
| 7.1. Fair and Equitable Sharing of Benefits | 149 |
| 8. Area-Based Management Tools | 150 |
| 9. Predominant Role Played by the Regionalisation of Marine Areas Outside National Jurisdiction through the Relevant Legal Instruments and Frameworks and the Competent Global, Regional, Subregional and Sectoral Bodies | 153 |
| 10. Organs, Mechanisms and Funding in the New Agreement on Marine Biodiversity | 156 |
| 10.1. The Role of International Tribunal for the Law of the Sea in the BBNJ Agreement | 156 |
| 11. Conclusions | 157 |

CHAPTER IX

How Many Arctic Policies for the European Union and What Room for Climate Change?

Ottavio Quirico

| | |
|--|-----|
| 1. Introduction | 161 |
| 2. Climate Change and Evolving Arctic Policies | 162 |
| 3. The Development of the EU Arctic Policy | 164 |
| 3.1. From Energy Security to Sustainability | 164 |
| 3.2. Two EU Arctic Policies? | 168 |
| 4. Conclusion | 171 |

CHAPTER X

Climate Change and Fishing Resources: Does It Affect Seafarers?

Stella Maris Moscuza and Gadea Eugenia Rivera

| | |
|---|-----|
| 1. Introduction | 173 |
| 2. Climate and Biodiversity: Two Interconnected Crises | 176 |
| 3. South Atlantic Ocean | 177 |
| 4. Situation of Argentina | 179 |
| 4.1. Fishing Resources on the Argentine Continental Shelf | 179 |

| | <i>page</i> |
|--|-------------|
| 4.2. The Argentinean Fishing Fleet and the Role of the Federal Fisheries Council | 181 |
| 5. The Impact of Climate Change on Seafarers | 183 |
| 6. The Importance of Sustainable and Responsible Fishing | 184 |
| 6.1. The Role of Certification | 187 |
| 7. Situation of Sustainable and Responsible Fishing in Argentina | 188 |
| 8. The Sustainable Development Goals (SDGs) of the 2030 Agenda | 190 |
| 9. Conclusions | 192 |
